- 2009 **Med Cup, Bandol, France,** First Class 8, Mainsail.
My former sailing team gathered to participate to The Centrale Graduate School alumni sailing cup located for 3 days in Bandol.
- 2007 **EDHEC Sailing Cup, Brest, France,** Grand Surprise, Mainsail.
EDHEC Sailing Cup is the biggest European student sailing competition, totalling more than 200 boats for one week. The 14th took place in Brittany, where we have learned to manage the tides. Our team was one of the few full-student sailing teams, and we funded our participation (boat rental and inscription fees) by winning the Poséidon Trophy (sponsored by the French naval company DCNS, 25keuros).
- 2006 **Spi Dauphine Challenge, Sète - Marseille, France,** Jod 35, Wincher.
One week race along the coast — the 25th Spi Dauphine Challenge, which we participated, took place along the Mediterranean coast (Sète/Saintes-Maries-de-le-Mer/Marseille). Wind conditions were very irregular, still we performed good in all situations.

Training

- 2007-2008 **Société Nautique de Marseille, Marseille, France,** Jod 35.
For two years, I was training every week for 4 hours with my sailing team in Marseille (Vieux Port, Frioul Islands), on a "Jod 35". I was a wincher at first, then I got specialized in the control of the mainsail.
- 2006 **SIUAPS, Marseille, France,** Surprise.
My first real sailing lessons were on a "Surprise"-class boat, for 3h every weeks during 6 months in Marseille (Endoume's Roadstead). I tried every of the 5 positions the boat offered.

- 2007 - Oct. **Cruise, Marseille-Cassis, Sun Odyssey 40, Skipper.**
3 days I was the skipper on a 3-days cruise, from Marseille to Cassis, through the Frioul Islands and the famous calanques. The 6 passengers were students of my engineering school Centrale Marseille.
